NOVA COLLECTION

100% wood with affordable price

Unwavering in our mission to provide highest quality products ESTAPARKET has now launched new NOVA colletion. Wooden floors are second to none and our new collection brings you top quality with affordable price.

The construction of the boards is made up entirely of natural materials and the collection holds the Real Wood label. The boards are layered with Select grade top layer with minimal amount of knots and natural color variations resulting in a truly elegant and clean look.

The finish creates the atmosphere for the interior

Flooring can be finished with clear lacguer for the most natural looking result. ESTAPARKET innovative finishing combines the benefit of easy maintenance of lacquer with the natural look and feel of oiled surfaces. We also provide a wide variety of finishing options in color to create the desired mood and match your interior design. Contact us for the full range of finishing option and colors.
